

K-LOVE on 93.3 in my area is a valuable asset to the local community. By allowing LPFM stations to take priority over FM translator services you would be denying the public the very freedom to choose and listen to radio of choice. Only stations that change or update to this new system will be heard. This is not in the best interest of current listeners and loss of K-LOVE would be devastating to those of us who listen to and support it. Please do not proceed with this change.
